

# Bhushan Bobade

FULL STACK DEVELOPER

Dear Hiring Manager,

It was with great interest that I am currently seeking job opportunities for a Web UI/Frontend Developer. Please accept my resume for review and consideration for known opportunities.

I have a total of +7.4 years of experience as a Web UI/Frontend Developer, +4 years in my current position as Consultant in the Capgemini.

IT professional with experience and key strengths in web technology designing, development, and implementation. A focused, self-motivated team member that takes pride in solving complex technology problems and delivering user-friendly solutions. Passionate about using WordPress as a CMS for delivery on complex software development programs. Core and Plugin contributed for Timeline Beaver Builder & Bootstrap Cards Beaver Builder which currently has 2000+ active installs and 10,000+ downloads.

With extensive experience with Project Management, Strategic/Tactical Planning, Excellent Communication and Interpretation skills. Converted the number of UI designs into fully functional interactive prototypes for many projects. Participate in discussions with clients and team members about technical best practices and help teams identify optimal technical solutions. Work with client services, sales, and the design team, and manage time across multiple projects and tasks in a deadline-driven, team environment.

I have attached my resume. If I can provide you with any further information on my background and qualifications, please let me know.

I look forward to hearing from you. Thank you for your consideration.
